Earned 95 credits towards a B.Sc. in Computer Science with an emphasis in Software Engineering.

Jesup High School / Homeschooled, Jesup IA

August 2010 - May 2014

Attended Math classes at Jesup High, while studying the other subjects through homeschooling.

PROJECTS

Flask Template — *Open Source Software*

Flask is a framework for building web applications in python. This project is a base template that I created based on the common themes I have found while building my own web applications using Flask. The github repository for this can be found on my github page.
